DEVELOPED

LEARNED

USED

Game Dev

Several arcade games such as Asteroids, 2048, and Pong through Coursera online program

Basic game design patterns, mechanics, simple AI, user interaction, and graphics rendering

Python | C# | Java
Photoshop | Illustrator
Microsoft XNA

Personal Website

A personal website to showcase photography & projects portfolios using a RESTful backend

Frontend/backend relationship, databases, server requests, JSON, AJAX, DOM, and simple web design principles

Java
Apache Tomcat | MySQL
REST API | Spring Framework
HTML5 | CSS3 | Javascript
jQuery | Photoshop | Illustrator

Hackathon Project: Gabble

A campus based social app designed to unite two strangers looking for company during a meal | Won 'best app' for feasibility and overall design

Software development work flow, basics of iterative development, brainstorming & team collaboration techniques, and proto-typing

Marvel App
Photoshop
Illustrator

Self Study

An understanding of fundamental computer science, web, and game development concepts & principles

OOP, polymorphism, abstraction inheritance, encapsulation, algorithms, data structures, and design patterns

Various online courses through Coursera, Udemy, & YouTube Books | Blogs | Stackoverflow Colleagues in industry

EXPERIENCE

STONY BROOK SOLAR BOAT Engineer | Treasurer

October 2012
-
June 2014

Helped lead development process and participated in weekly meetings to discuss project goals & deadlines

Designed mechanical components using CAD

Assisted in metal fabrication of mechanical components and carbon-fiber fabrication of boat hull

Organized budget, carried out purchase orders, and contacted sponsors

POWELL ENERGY & SOLAR Intern

July 2013
-
September 2013

Calculated orientation, size, and price of solar arrays

Participated in residential energy audit and installation/repair of solar array

Designed solar arrays using CAD

Organized customer accounts, appointments quotes, proposals, and dates

Communicated build information to associated contractors of project

INTERESTS

RECOGNITION & AWARDS

2014 | Stony Brook University
Novelty and application of senior design project

2014 | Solar Splash Inc.
Intercollegiate Solar Boat World Champions

2011 | Stony Brook University
Best design for more energy efficient and ergonomic quad building
